Regression-Progression

Brutal Truth

Destroy our future
Each breath last
Now the final dye is castFrom within destroy and ruin
Guaranteed to seal our doom
The truth we choose to never face
Annihilate the human raceHuman error
Seals fate
Destroyed future
In dread we waitRemaining ever mute and bound
The truth we seek is never found
Becoming closer every day
Destruction, the price we payHuman fault, the reason why
As we bleed our own planet dry
Armageddon from inside
Human race deserves to die
