I'll Remember You

Atlantic Starr

Words have left us all alone
And something's come between us
To turn the fire cold
Thoughts that chase you in the nightSilently the storm
The life from in your eyes
And I remain alone, no matter
Who may try and take your placeAnd I'll remember you
The dreams we could of dreamed
The tears I should have seen
We used to say foreverBut I'll remember you
Your pure and simple heart
Your shadows painted dark
I will always love you
I'll remember youSummer rain to fallen snow
We knew that it would last
But there's no way to know
It's such a storm that's in the skyQuietly will pass, quietly we'll cry
And here I stand, alone with every promise
Melted through my handsAnd I'll remember you
The dreams we could of dreamed
The tears I should have seen
We used to say foreverBut I'll remember you
Your pure and simple heart
Your shadows painted dark
I will always love you
I'll remember youOh, and I remain alone
No matter who may try and take your placeAnd I'll remember you
The dreams we could of dreamed
The tears I should have seen
We used to say foreverBut I'll remember you
Your pure and simple heart
Your shadows painted dark
I will always love you
I'll remember youAnd I'll remember you
The dreams we could of dreamed
The tears I should have seen
We used to say foreverBut I'll remember you
Your pure and simple heart
Your shadows painted dark

I will always love you
I'll remember youI'll remember you
I'll remember you
