Like Me (feat. Aunica Marrie)

Savya Worldwide

(Savya Worldwide)
Just picked your bitch up but im about to drop her back off
Cause i be talking that money and she just all talk
Cheating with me and got caught
Her nigga got mad and we fought
And i got a bitch with like 3 different whips and she still rather go for a walk

(Verse 1) (Savya Worldwide)
Top down Miami, looking like this
But if her hair and nails aint did, then that aint my bitch
I'm just trying to come up, trying to get rich
VIP where my shawty be, so a broke nigga cant bother me
Cant a single black dick go hard as me
Uptown so the hood's still apart of me
Fuck her til morning, I coast
See, you fuck her good, i just fuck her better
So these niggas know they could never

(Chorus) (Savya Worldwide)
Get with a nigga like me
With a nigga like me(yeah)
(im just trying to come up baby yeah)
With a nigga like me (x3)

(Verse 2) (Savya Worldwide)
(Drake) She claim that I'm cheating,she say she gone catch me
I promise I'll stick all this in if you let me
(Migos) These rappers be rapping Guiseppe Guiseppe(huh huh)
And i just be spitting this cool-the-new-sexy(ok)
They see me and say "oh my lord thats Jesus"(bey)
Constantly sipping the fountain of youth(bey bey)
I look in this mirror, this moment of truth(bey bey bey bey)
I am a God and i got the proof
They locked me away, i took time to regroup
I promise i still never think when i shoot
The shit i been through though is deeper then roots
You meeting the plug, i was born in cahootz
My hood is a jungle with snipers on roofs
Im flushing the work if i ever hear boots

Pistol off safety that work in my shoes
Only one man but i fuck them in twos
Dealing with money, I'll never refuse
Trappin to preachers and nobody knew
Stunting on niggas like I was a Jew
The streets fuck with me because im in the loop
Im patient, im ready, im waiting, im due
Pretty tattoos is making her choose
Weed and pussy only drugs that i use
When ya fuck with, with a

(Chorus) (Savya Worldwide)

(Verse 3) (Aunica Marie)
Sorry but i am not sorry that you cannot stand me so here take several seats
Cause im not impressed by your attempts to try and catch attention from me
I see your confused because i refuse to acknowledge the notion you better than me
You couldnt catch up if my ass fell asleep or if i was on E and i gave you the lead
Please i am unbothered and I'm coming harder cause none of yall fucking with me
Im bout' to stop playing with all of you lames cause im hungry as fuck and im ready to feast
I am just saying, I aint with the games so tread light with your feet cause this beauty's a beast
Im back on the scene, so you know what that means, that im coming for hits and that's just for the memes
Auni on some other shit, im here to put pressure on the competition
But im looking and i really dont see them so it leaves me to sit and wonder their position
Cause fucking with me is a no no
Coming for these pussies no homo
In and out the pocket like Romo
Serving fades, you can catch them pro bono
I dont love these niggas
And i dont mind these bitches
I dont trust these hos, i just multiply my figures
You fucked her good but you got to fuck me better
Either that or you niggas could never, get with a bitch like me.

(Chorus) (Savya Worldwide)
