

Calling On You

Paulson

Do you remember when we played that game?

It wasn't hard but it turned out that way

When you were gone they'd try to take your place

But it just wasn't the same, no, it just wasn't the sameHow was I supposed to know I'd never escape her ghost?

It seemed not long ago she was mine to protect

Can't get her off my mind no matter how hard I try

I'm out of options this timeI'm calling on you to make this happen

I need to know this'll turn out right

But I can't change her mind

So I'm calling on you, calling on youI felt the final straw, I found out that she moved on

I wish I knew before, I gave her my heart

Now when I try to sleep my body begins to scream

I'll burn as long as I breathe
