A Million Miles

Mike Rust

I hear you screaming
But I know that you don't mean it
And it's all gone wrong now
(Gotta gotta gotta take control, control
Gotta gotta gotta take control)
I get the feeling that its gone
And it's the reason that
I feel so dark now
(Gotta gotta gotta take control, control
Gotta gotta gotta take control)
Too much inside, too much in life
Define your point of view
(Gotta gotta gotta take control, control
Gotta gotta gotta take control)
I know you're leaving
Though I think that my times fleeting
But yet you don't see it
Gone, once you shone, I move on
Though I still find time to hide
It's all buried deep inside
So it looks like you've found a way
To reach my heart and take it all back
To the start of this a million miles from home
Maybe your reasons keep on changing
Through the seasons
Only time could tell now
(Gotta gotta gotta take control, control
Gotta gotta gotta take control)

Don't stem the bleeding
'Cause I m sure it has some meaning
Still you feel so dark now
(Gotta gotta gotta take control, control
Gotta gotta gotta take control)
Too much inside, too much in life
Define your point of view
(Gotta gotta gotta take control, control
Gotta gotta gotta take control)
Are you still leaving?

Maybe you should start believing
But still you don't see it
Gone, once you shone, I move on
Though I still find time to hide
It's all buried deep inside
So it looks like you've found a way
To reach my heart and take it all back
To the start of this a million miles from home
Gone, once you shone, I move on
Though I still find time to hide
It's all buried deep inside
So it looks like you've found a way
To reach my heart and take it all back
To the start of this a million miles from home
A million miles from home
A million miles from home
A million miles from home
