

This Momentary (Golden Bug Remix)

Delphic

Re: You and me, what is said wasn't never meant to hurt

Real stories always come off worse

Can we make the time to leave it behind and reshape,

Remake our faith in what we see

How you feel so unsteady

I'm already out of reach, remember finding your feet

In a fine time, take the time to find me

I'll be ready waiting let's do something real

Lets do something realRe: You and me, what is said wasn't never meant to hurt
