

# Oxygen (Gemini Remix)

## Hadouken!

Cried out and suffer your elixir in my veins

Floating together when your fume goes to my brain  
You are oxygen, you are oxygen, you are oxygen  
You are oxygen, you are oxygen, you are oxygen-gen-gen  
Cried out and suffer your elixir in my veins  
Floating together when your fume goes to my brain  
You are oxygen, you are oxygen, you are oxygen  
You are oxygen, you are oxygen, you are oxygen-gen-gen  
Cried out and suffer your elixir in my veins  
Floating together when your fume goes to my brain  
You are oxygen, you are oxygen, you are oxygen  
You are oxygen, you are oxygen, you are oxygen-gen-gen
