

# Bandit

## Justine Skye

[Verse 1]

You wanna go play right away, well I'm fine with that  
We some and drink all day, baby, and I'm faded like  
I can't remember your name, right away, what I'm tryna say  
I got that game changed, I got that game changed[Pre-Hook]  
I got that game changed and you want it  
You've been looking at me strange like if only  
Deep into your gaze, brainwashing  
Brainwashing, this is your warning[Hook]  
I'm bout to tell ya daddy, daddy, little secret  
I'ma keep it, daddy, daddy, can you keep it?  
Don't say nothing that you know you're gonna regret  
Put your hands up in the air it's a stick up, stick up  
I'm a bandit, I'm a bandit  
I'm a bandit, I'm a bandit  
I'ma throw it, throw it , throw it  
Throw it throw it throw it throw it up  
You can't stand it  
Yeah, I'm a bandit[Verse 2]  
This world's going crazy like a maniac  
Gold in my champagne, I don't care, where my gangsters at?  
Put em in the air one time  
Live your life no matter what they say  
I do this everyday  
I want the money, fuck the fame[Pre-Hook] + [Hook][Bridge] x2  
Ooh yeah, you've been looking for the wrong one baby  
Ooh yeah, and I know what to do to make you go crazy[Hook]
