

# Not in the Cards

[Rhett Akins](#)

Got another postcard today  
This one was postmarked Santa Fe  
All she had to say  
Was thanks for givin' her the space She was needin'  
Got out all her other cards tonight  
And I've been pourin' over every line  
But the more I do, the less I think I like what I'm readin' There isn't one 'Wish you were here', 'I miss you my  
dear'  
'I want you to know, I can't wait to come home'  
Not one single line sayin' distance and time  
Is makin' her see, I'm really all that she needs With every picture postcard she sends  
There's a picture I'm startin' to get  
That feelin' for me, I hope it's there in her heart  
It's not meant to be, no it's not in the cards Here's one I got a week ago  
From Ensenada, Mexico  
Where there should've been an 'I love you'  
She wrote 'Adios' at the bottom I'd try to reach her if I thought it would help  
But the cards are speakin' for themselves  
And I've got to play although the hand she dealt  
Ain't a hot one There isn't one 'Wish you were here', 'I miss you my dear'  
'I want you to know, I can't wait to come home'  
Not one single line sayin' distance and time  
Is makin' her see, I'm really all that she needs With every picture postcard she sends  
There's a picture I'm startin' to get  
That feelin' for me, I hope it's there in her heart  
It's not meant to be, no it's not in the cards  
Oh no, no, yeah, yeah With every picture postcard she sends  
There's a picture I'm startin' to get  
That feelin' for me, I hope it's there in her heart  
It's not meant to be, no it's not in the cards No, no, no, no, it's not in the cards  
Bye-bye baby, no it's not in the cards
