

# Rising Power

AC/DC

Dog day it's Tuesday  
Hope that girl she'll come today  
Hard life it's a city life  
Sweat keeps pouring down  
I've got to feel it, like to love  
Thru the dawn till I've blown  
All I want's her loving now  
(Or other ways of) fooling around  
Need no excuse to let it all hang lose  
My body's for abuse  
Rising power, we'll raise the night  
Rising power  
Rising power, we'll wake the dead  
Rising power  
???? low life, up all night  
Darkest hour in the dead of the night  
Seen her walkin' down the street  
The kind of woman that brings on heat  
???? dusk till dawn  
Come the morning, she was gone  
Took me out to my surprise  
????  
Need no excuse to let it all hang lose  
My body's for abuse  
Rising power, we'll raise the night  
Rising power  
Rising power, we'll wake the dead  
Rising power
