

# Milquetoast

## Helmet

Tell me if you think it's all right  
I'll give in to what you know  
I don't see the habits that become me  
I've saved up my useless thoughts Well means, it works I'm on your side  
I said that, well so, I lied  
Remember I tried not to be wary  
This failed me once too much Unrecognized  
Well preserved  
Don't forget what you heard
