Homecoming Christmas

Alabama

A glowin' fire and fallin' snow, they spark a memory
Stockings hangin', mistletoe, presents beneath a tree
A happy boy wakin' up to toys, lookin' so surprised
And wondering how Santa knew just when I closed my eyesChorus:
It's a Homecoming Christmas, goin' back to where it all began
Homecoming Christmas, I wanna be there once again
Memories do sweet and strong and I've been done too long
It's Christmas time and I'm comin' homeI can see the Christmas tree and feel the warm fireplace
Handmade decorations, homemade pies and cakes
Family all together with so much love to share
A special time and I can't wait, can't wait to be thereChorus
