The Big Push

Blue Rodeo

Tell tell me the reasons why
Tell me every secret you've been told
Cause everybody knows they're dangerous
Hey let me try that wonder stuff
The stuff that lets you look at them and nod
Smile and say thank god it wasn't usWhen it all goes to pieces
And it won't be long
Once you've had your fun
We'll still be sitting here
Waiting 'til the big push comes
Now the moment we've been waiting for
The moment that you'll finally realiseYour promises are lies
They turn to dust
Time time changes everything
Can turn you from a hero to a dog
Living in a fog like the rest of us
When it all goes to piecesAnd it won't be long
Once you've had your fun
We'll all just sit around
Wait until the big push comes
Write write me a pretty poem
Make believe that paradise is hereFuture's coming clear
Sun through the clouds
And when it all goes to piecesAnd it won't be long
Once you've had your fun
We'll still be sitting here
Waiting 'til the big push comes
And when it all goes to pieces
And it won't be long
Once you've had your fun
We'll all just sit around
And wait until the big push comes
