

# Shell of Light

## Burial

Give me a hug Closer, closer  
Closer, closer Love you more  
Love you more Love you here  
Love you here  
Know love

Know love It's you God, can you please hurry and find me?  
I wasn't sure if we could be friends God, can you please hurry and find me?  
I wasn't sure if we could be friends God, can you please hurry and find me?  
I wasn't sure if we could be friends
