

Loro

TaluÃ¡;

And the Ripped Ones say goodbye
While the others meet,
Attached somewhere
At least they're shared And the Ripped Ones never collide,
While the others
While the others da da da da da.....da da da da da da...
da da da dunna da da da
da da da dunna da da da
da da da dunna da da da
(And the Ripped Ones say goodbye) Nine
Five
(While the others meet) Three
(attached somewhere) One
(At least they're shared) Four
(And the Ripped Ones never collide) Nine
Five
(While the others) Three
(While the others) One
(While the others) da da da da da.....da da da da da...
da da da dunna da da da
Four, nine, five, three, one
Four, nine, five, three, one
Four, nine, five, three, one
