

# Unguarded

Rae Morris

Calling future love, do you exist?  
I've been silencin' fears through all of this  
Countin' miles from safe behind the glass  
Calculatin' how long this will last I've been wrong to be guarded some time  
Such a delicate prize I'm not about to share  
Put the pain of the present aside  
I have a future in mind for us  
Where will we be unguarded together  
Unguarded in love!  
Colour me any colour that you want  
Can I see enough? Callin' future love, don't take too long!  
Part of me is struggled by the time that's gone  
Guide me closer when I flourish of passion height  
Tell me when I'm not quite doin' it right I've been wrong to be guarded some time  
Such a delicate prize I'm not about to share  
Put the pain of the present aside  
I have a future in mind for us  
Where will we be unguarded together  
Unguarded in love!  
Colour me any colour that you want  
Can I see enough? I keep it all in  
Everythin' guard in  
I keep it all in  
Everythin' guard in I've been wrong to be guarded some time  
Such a delicate prize I'm not about to share  
Put the pain of the present aside  
I have a future in mind for us  
Where will we be unguarded together  
Unguarded in love!  
Colour me any colour that you want  
Can I see enough?
