Motionless

Waco Jesus

Your fucking suffering is what I crave
your naked body will not be buried
the dead remains I save
motionless your body lays
you keep moving so I kept stabbing
you are dead but you keep bleeding
the dead remains I rape
paranoid I mutilate you
the peeling removal of your skin
hemorrhaging bleeding from within
you're dying you're dead there's nothing left
you fucking piece of shit
unable to identify the remains
I leave behind decomposed cadaver bones
smashed limbs severed
disposed of the fucking
non living destroying
victims motionless
