

I Wonder If I Care As Much

Neil Young

I wonder if I care as much
As I did before
Last night I cried myself to sleep
For the one that makes me weep
I dried my eyes to greet the day,
And wondered why I had to pay
The tears that I have shed by day
Give relief and wash away
The memory of the night before
I wonder if I'll suffer more
I wonder if I care as much
As I did before
My pride is made to say forgive
And take the blame for what you did
It's your mistakes I'm thinkin' of
I wonder if I'm still in love
My heart can't thrive on misery
My life it has no destiny
When things get more
Than I can bear
I ask myself, do I still care?
I wonder if I care as much
As I did before
