

# Only You

Michael Crawford

Look at me, a woman, calm and in control  
No silly girl, who's head's always turning  
Nobody would guess that deep inside my soul  
A brand new flame is burning

Only you have the power to move me  
And together we'd make the whole world move in sympathy  
And I couldn't see before

And only you have the power to move me  
Take me, hold me, mold me, change me and improve me  
It's not funny anymore, anymore

There was I, wondering why  
Everyday disappeared into the distance  
Now with you, the light is shining through  
You gave me life, not just existence

Only you have the power to move me  
And together we'd make the whole world move in sympathy  
You have the power to move me

All the nights I've wasted, dreaming of the time  
When I'd discovered the one to guide me  
Searching the horizon, didn't realize  
That all the time she was beside me

Only you have the power to move me  
And together we'd make the whole world move in sympathy  
Hope and pray that I'm in time, I'm in time

Only he can stand and wait that long  
Stand by me while I was going wrong  
What if she couldn't wait? Have I left it too late?

Only you have the power to move me  
And together we'll make the whole world move in sympathy  
Brighten up the darkest sky  
(Brighten up the darkest sky)

If only you use the power to move me  
Take me, hold me, mold me, change me and improve me  
Only you have the power to move me  
Only you
