

# Sleazy

## Quietdrive

I don't need you or your brand new Benz  
Or your boozy friends.  
I don't need love, looking like diamonds  
Looking like diamonds

(Get Sleazy, Get Sleazy, Get Sleazy,  
Get Sleazy, Get Sleazy, Get Sleazy,  
Get Sleazy, Get Sleazy  
Ima get,  
Get Sleazy, Get Sleazy, Get Sleazy,  
Ima get,  
Get Sleazy, Get Sleazy, Get Sleazy, Oh!)

[Chorus:]

I don't need you or your brand new Benz  
Or your boozy friends  
And I don't need love, looking like diamonds  
Looking like diamonds  
I don't need you or your brand new Benz  
Or your boozy friends  
And I don't need love, looking like diamonds  
Looking like diamonds

You can't imagine the immensity of the fuck I'm not giving  
About your money and man servant and the mansion you live in  
And I don't wanna go places where all my ladies can't get in  
Just grab a bottle, some boys and let's take it back to my basement  
And get Sleazy  
Sick of all your lines, so cheesy!  
Sorry daddy, but I'm not that easy!  
I'm not gonna sit here while you circle jerk it and work it  
Ima take it back to where my man and my girls is

(Sleazy, Get Sleazy, Get Sleazy,  
Get Sleazy,  
Cause ima get Sleazy,  
Get Sleazy, Get Sleazy, Get Sleazy,  
Cause Ima get)

[Chorus:]

I don't need you or your brand new Benz  
Or your bougie friends  
And I don't need love, looking like diamonds  
Looking like diamonds  
I don't need you or your brand new Benz  
Or your bougie friends  
And I don't need love, looking like diamonds  
Looking like diamonds

Rat tat tat tat on your dum dum drum  
The beat so phat, gonna make me cum, um, um um, um  
(Over to your place!)

Rat tat tat tat on your dum dum drum  
The beat so phat, gonna make me cum, um, um, um, um  
(Over to your place!)

I don't mean to critique on your seduction technique  
But your money's not impressing me, it's kinda weak  
That you really think you're gonna get my rocks off  
Get my top and socks off  
By showing me the dollars in your drop box  
Me and all my friends we don't buy bottles, we bring em  
We take the drinks from the tables when you get up and leave em  
And I don't care if you stare and you call us scummy  
Cause we ain't after your affection  
And sure as hell not your money, honey

[Chorus:]

I don't need you or your brand new Benz  
Or your bougie friends  
And I don't need love, looking like diamonds  
Looking like diamonds  
I don't need you or your brand new Benz  
Or your bougie friends  
And I don't need love, looking like diamonds  
Looking like diamonds

Rat tat tat tat on your dum dum drum  
The beat so phat, gonna make me cum, um, um um, um  
(Over to your place!)

Rat tat tat tat on your dum dum drum.  
The beat so phat, gonna make me cum, um, um um, um  
(Over to your place!)
