

# Teenage Queen

## Donghae & Eunhyuk (Super Junior)

I can see the void  
Dark like prison  
Take me to the eyes of this boy  
And now dance with me  
I can see the world  
Sharp like paper  
Take me to the eyes of this girl  
And now dance with me  
You found this one long kiss  
Your shadow stays forever in a safe tonight  
I'm falling to the ending  
Dance with me  
Oh, tonight I'm a teenage queen  
(Sometimes I feel so beautiful)  
Oh, tonight I'm a teenage queen and it never stops  
The world we live won't laugh this hard  
The weight of the world won't seem so bad now  
Well, can you feel the noise?  
Cut like ribbon  
Take me to the girl and this boy  
And now dance with me  
Well, you found this one long kiss  
Your shadow stays forever in a safe tonight  
I'm falling to the ending  
Dance with me  
Oh, tonight I'm a teenage queen  
(Sometimes I feel so beautiful)  
Oh, tonight I'm a teenage queen  
(Sometimes I feel so beautiful)  
Oh, tonight I'm a teenage queen  
And it never stops  
The world we live won't laugh this hard  
The weight of the world won't seem so bad now  
Break, break, break, break, now I'm coming to  
Tonight, tonight I'm a teenage queen  
Well, take, take, take, take, now I'm coming to  
She walks by, I feel serene  
Break, break, break, break, now I'm coming to  
Tonight, tonight I'm a teenage queen

Well, take, take, take, take, now I'm coming to  
She walks by and I feel serene  
Oh, tonight I'm a teenage queen  
(Sometimes I feel so beautiful)  
Oh, tonight I'm a teenage queen  
(Sometimes I feel so beautiful)  
Oh, tonight I'm a teenage queen  
And it never stops  
The world we live won't laugh this hard  
The weight of the world won't seem so bad now
