

Insomnia

Lumidee

You can never box me in
Ain't a thing that I can't bend
[...]

If in not the [?] you in
Im the one that set the tone
Ain't no one throw me a bone
I ain't have to sell my soul
Or give up all my control
But old fashioned lights
Live the so called life
You talking it I did it
Doing it I did it
Imagine it I've seen it
You try and I just be it
Who am I

You ain't got to like it but its trueThey say God is a DJI see diamonds everywhere

Throwing money in the air
Yeah you think it aint fair
Truth is I dont care
Diamonds everywhere
Money in the air
Truth is I dont care

Its not that I dont [?]I'm rocking to the beat

Watch me do my thing
Im rocking to the beat
Rocking to the beat
I dont care about a thing
Im rocking to the beat
Watch me do my thing

Watch me do my thing as im rocking to the beat (x2)They say God is a DJ(x2)I'm rocking to the beat

Watch me do my thing
Im rocking to the beat
Rocking to the beat
I dont care about a thing
Im rocking to the beat
Watch me do my thing

Watch me do my thing as im rocking to the beat
