

# Telescope (Nashville Cast Version)

[Hayden Panettiere](#)

Won't do no good, if you run from me  
There ain't no cheatin', schemin' my heart don't see  
You left your troubles in my head, in my head  
You left your secrets in my bed, in my bed  
You're like the cover of a book that's been read, baby  
I know what line is coming next, coming next You can't hide from me  
There ain't no tricks that you can try on me  
I know your every move before you even breathe baby  
Thinking you know something I don't know but my eyes, my eyes, my eyes  
Like a telescope You're kissing her, when my head is turned  
You must be crazy baby, haven't you learned?  
You can't deceive me silly child, silly child  
I don't believe that pretty smile, pretty smile  
My intuition can see for miles and miles baby  
Every little sin, and everywhere you've been You can't hide from me  
There ain't no tricks that you can try on me  
I know your every move before you even breathe baby  
Thinking you know something I don't know but my eyes, my eyes, my eyes  
Like a telescope You left your troubles in my head, in my head  
You left your secrets in my bed You can't hide from me  
There ain't no tricks that you can try on me  
I know your every move before you even breathe baby  
Thinking you know something I don't know but my eyes, my eyes, my eyes  
Like a telescope My eyes see  
My eyes see  
My eyes see  
My eyes see
