No One

Buffy

I've been in love,
And I can say I did it all
When you least expect it,
That's when you take the fallAnd when your looking
That special one for you
Was always there
Standing next to youI finally found you
The dream of my life
Has come true
Now all my heartaches
Are left behind with my mistakesNo one in this world
Can ever be compared to you
No one, I say no one,
Has ever loved me like you doNo one in this world
Can ever take the place of you,
No one, I say no one,
Has ever touched me like you doverse 2I've never felt this way about no one before,
You're all I ever wanted,
It's you who I adore
Baby, I love you,You make me feel brand new,
You know what to say, and you know what to dochange
I can't believe,
Could this be just a dream?
Then wake me with a kiss
Your love is hard to resist(No one but you, in this world)I will never ever hurt you
I love you
I will never ever leave you
Hold me nowI will always be here for you
You have my heart
Day and night
Oh baby, no oneI will never ever hurt you,
Boy I know you never would
I will never ever leave you
Please stay, hold me nowI will always be here for you
Day and night
