

# Gonna Creep Up On You

## Thin Lizzy

I'm gonna creep up on you  
I'm gonna creep up on you  
I'm gonna creep up on you  
I'm gonna, gonna  
The writing on the wall showed the scandal  
Pointed out the victim of the vandal  
The lady was upset by the angle  
Scratch your back and hot to handle  
I'm a gonna creep up on you  
I'm a gonna creep up on you  
I'm a gonna creep up on you  
Don't you hear me little Mama?  
I'm gonna, gonna, gonna, gonna  
You're sly, you're slick, you're sleek, you're outstanding  
My legs are weak, my heart it beats, it's pounding  
Soon you're gonna weep in your sleepless surrounding  
'Cause I'm the one taking you down for grounding  
I'm gonna creep up on you  
I'm gonna creep up on you  
I'm gonna creep up on you  
I'm gonna creep up on you  
Don't you hear me little Mama?  
I'm gonna, gonna, gonna  
Little lady, let me take a little bit of your love  
Little lady, won't you let me take a little bit of your love?  
Little lady, I'm gonna take a little bit of your love
