Night Beds

On your right
on your right
on your right
on your right
on your right
on your right
on your right
on your time (2)This is my last night in your city
this is my last time in your town
it's been a long since you're been with me
now you are no where to be found (2)
At end of your cigarrete
at the edge of your mouth
there's a matter with you
that I can't live without (2)On your right...When you and I
share a bottom
you and I???
you and I in a???
for a time
nothing really matters
Nothing
There's peace in the world
and I was...
Time...
Let us go now father
Let us go now brother
Let me go now mother
Let me go now lover (2)
