

# Pure

## Nostrum

This is my brand new day starting now  
I let go the things that weigh me down  
And rob me of the beauty that's to be found  
And life all around

And this is my prayer without ceasing, the negative releasing

And as i rise above, my burden is easing

I bring the pure flow like water around

The rocks of life won't pull me down

I bring the pure flow, drink so deep

The river of life, my soul at ease

I bring the pure flow like water around

The rocks of life won't pull me down

I bring the pure flow, rising above

The storms of life to live and love

This is my brand new day in the light

Troubles rising up on the left and the right

I keep my eyes fixed on where i want to go, the rest will follow

And this is my prayer without ceasing, the negative releasing

And as i rise above my burden is easing

I bring the pure flow like water around

The rocks of life won't pull me down

I bring the pure flow, drink so deep

The river of life, my soul at ease

I bring the pure flow like water around

The rocks of life won't pull me down

I bring the pure flow, rising above

The storms of life to live and love

This is my brand new day starting now

Letting go of the ways that i fall down

The old can be made new, the lost can be found, the lost will be found

And this is my prayer without ceasing, the negative releasing

And as i rise above my burden is easing

I bring the pure flow like water around

The rocks of life won't pull me down

I bring the pure flow, drink so deep

The river of life, my soul at ease

I bring the pure flow like water around

The rocks of life won't pull me down

I bring the pure flow, rising above  
The storms of life to live and love  
My soul is at ease and i am free  
My soul is at ease and i am free  
This is my day, my soul is at ease and i am free  
(and i am free, and i am free)  
I bring the pure flow like water around  
The rocks of life won't pull me down  
I bring the pure flow, drink so deep  
The river of life, my soul at ease  
I bring the pure flow like water around  
The rocks of life won't pull me down  
I bring the pure flow, rising above  
The storms of life to live and love
