

# Let's Go

## Jonas Brothers

In my mind, you can see it.  
Running towards the light.  
You're so close, you can feel it.  
Don't look back this time.  
Turn around, think about where you are now.  
Fill it up, turn it up wanna hear it loud.  
Once we start theres no way we can slow down.

(CHORUS)

So Lets Go!

Linin' like its now or never.  
Give them something to remember.  
If you will leave with me now.  
So Lets Go! So Lets Go! So Lets Go! So Lets Go!  
Feel the floor, as its shakin'.  
The walls are gonna fall.  
Feel the ropes that were breakin'.  
We're gonna shatter them all.

Turn around, think about where you are now.  
Fill it up, turn it up wanna hear it loud.  
Once we start theres no way we can slow down.

(CHORUS)

So Lets Go!

Linin' like its now or never.  
Give them something to remember.  
If you will leave with me now.  
So Lets Go! So Lets Go! So Lets Go! So Lets Go!  
So Lets Go! So Lets Go! So Lets Go! So Lets Go!  
So Lets Go! So Lets Go! So Lets Go!

(CHORUS)

So Lets Go!

Linin' like its now or never.  
Give them something to remember.  
If you will leave with me now.  
So Lets Go! So Lets Go! So Lets Go!  
So Lets Go! So Lets Go! So Lets Go!
