

Whirlwind

Joseph

Whirlwind

Let me breathe you in.

Whirlwind, this is where you start to pull me in.

I hear a voice that is whisperin'
from the whirlwind.

Let it be.

Let your thunder all over me.

You're not safe and I'm shaking,
but are you whirlwind

Whirlwind

Let me breathe you in.

Bright lights split the sky and I close my eyes.

I feel the breath of a thousand lies
from the whirlwind.

Dark skies, look around can't see through the night

Insivible foes are hard to find.

Whirlwind

Let me breathe you in.

Have you held the mallet's drumming thunder
or filled the clouds with rain?

Have you opened up the skies above you, and seen a desert wave?

Have you given orders to the morning or showed the dawn its place?

Can you grab hold of the earth's four corners and shake shake shake out the darkness

Whirlwind

Let me breathe you in

Whirlwind

Let me breathe you in
