

From The Clouds

Jack Johnson

Oh you're such a pretty thing
I'll take you and I'll make you all mine
I would steal you from this patient world let it chase us
It could never take you back We could watch it from the clouds
We can't stop it anyhow
It's not ours
We could watch it from the clouds
We can't stop it anyhow
It's not ours
It's not all ours I know you know me well enough
To know I'm lucky to have you
But oh, it's just the little things
The words that I should tell you all the time Like you're so sweet to me
When you beat me in double solitaire
You're so sweet to me
In a world that's not always fair We could watch it from the clouds
We can't stop it anyhow
It's not ours We could watch it from the clouds
We can't stop it anyhow
It's not ours The more love that you feel
The more your little heart will ache
Love is the only thing that carries on
It's the only thing this world can't take
This love is ours
This love is ours
This love is ooh
This love is ooh Oh, you're such a pretty thing
I'll take you and I'll make you all mine
