Girlfriend

Anthony David

I really shouldn't be coming to these places
So many things to choose from, it's amazing
Every time I come in I get open wide
Sexy and flirtatious is the way I like
I must stay focused if it takes my life, I'm telling you
I don't like you, I got a girlfriend
I don't want you, I got a girlfriend
Get away from me, I got a girlfriend
Thank you, where is my girlfriend?
I should have stayed at the crib and caught a movie
There's nothing out in the streets which cover for me
'Cause every time I come in I get open wide
Guess I'm dedicated but I still got eyes
Ask me no questions and I'll tell no lies, I'm warning you
I don't like you, I got a girlfriend
I don't want you, I got a girlfriend
Get away from me, I got a girlfriend
Thank you, where is my girlfriend?
I don't like you, I got a girlfriend
I don't want you, I got a girlfriend
Get away from me, I got a girlfriend
Thank you, where is my girlfriend?
I'm falling as I'm spiraling down, I'm calling to my baby
She knows that under normal circumstances
I'm a good boy but you tempt me
And you know what gets my attention
You're wicked and you want me
Oh, when she's gone where will you be?
You're no good, you're no good, you're no good
I got a girlfriend
I don't want you, I got a girlfriend
Get away from me, I got a girlfriend
Thank you, where is my girlfriend?
I don't like you, I got a girlfriend
I don't want you, I got a girlfriend
Get away from me, I got a girlfriend
Thank you, where is my girlfriend?
