# Fading Flower

## Yuna

You got that walk walk walk
Got that talk talk talk
Got that swagger er er
Such a glamour ur ur
You're like a real life doll
With your hand that falls
Like Niagara a a
But that don't matter er er
Cause that don't change the fact
That your heart is black
You can't tear me down
Beat me to the ground
Try to block my sunshine
My blue skies with your cloud
And who do you think you are
Yah that won't get you far
You may think you're pretty
But you'll see that beauty
is a fading flower
Fading flower er er er
Fading flower er er er
You'll only play play play
If you get your way always
In the center er er
Of attention aa an
All the lying
And the cheating
The mistreating
How you even sleep at night aa aa ight

Blows my mi ii ind
I wonder when you'll see
That you don't bother me
You can't tear me down
Beat me to the ground
Try to block my sunshine
My blue skies with your cloud
And who do you think you are
Yah that won't get you far

You may think you're pretty
But you'll see that beauty
is a fading flower
Fading flower er er er
Fading flower er er er
I spent all of my youth
Trying to be you
Thought that you were special
That you were beautiful
But the more of you I see
The more I'm glad I'm me
You can't tear me down
Beat me to the ground
Try to block my sunshine
My blue skies with your cloud
And who do you think you are
Yah that won't get you far
You may think you're pretty
But you'll see that beauty
is a fading flower
Fading flower er er er
Fading flower er er er
