Open Heart Surgery

Sense Field

Sense field
Open heart surgery
Into the eyes of such a beautiful girl
A dead boy
Can't smile
At the face of such a beautiful girl
A dead man
Can't fall
Into the arms of such a beautiful girl
A dead man
Can't crawl
Into the bed of such a beautiful girl
Your smile lights up the hospital room,
Please help me
Please
During open-heart surgery,
Please stay with me
During open-heart surgery....
A dead man
Can't dance
All night with such a beautiful girl
A dead man
Can't dress
Up for such a beautiful girl
A dead man
Can't save,
Save the life of such a beautiful girl
A dead man
Can't sing
Into the heart of such a beautiful girl
Your smile lights up the hospital room,
Please help me
Please
During open-heart surgery,
Please stay with me
During open-heart surgery,
Stay with me
During open-heart surgery,
Stay with me....

A dead boy
Can't rest
In the hands of such a beautiful girl
A dead boy
Can't dream
To be with such a beautiful girl
A dead man....
Open-heart surgery,
Please stay with me
During open-heart surgery,
Stay with me
During open-heart surgery,
Stay with me
