

Easier to Die

Reptar

Hung on a ticking Wheel
With a Hundered points
Can you make it home? Wait a minute
Till they know you're here
Can they see your tears? Are you crying now?
Are you feeling fear?
Every Sunday night
When you go to bed. Wait a minute Without eyes or ears
Could you make it back?
Back to me somehow
Easier to die
Easier to die than live
Easier to die
Easier to die Joan are you lying down?
Are you looking up?
In a minute's turn. Wait a minute I am always change
I can willow stains in a minute Do you want to show'em?
Do you want to show me?
Do you want to show? Are you feeling change?
Can you hear of fear?
Or has it healed? To die to live
Easier to die
Easier to die than live
Easier to die
