Money Good

Young Buck

G-Unit
Aiyyo, if you got more than a hundred dollars in your pocket
Aiyyo, make some noise in this ****
'Cause I'm gettin' money like a ****, y'all
Work for the money, money, do ya thang now
Work for the money, money, put it down now
Work for the money, money, do ya thang now
Work for the money, money, put it down now
Work for the money, money, do ya thang now
Work for the money, money, put it down now
Work for the money, money, do ya thang now
Work for the money, money, put it down now
26's got me big, big wheelin'
Money over ****, I'ma get me a million
Thangs done changed, I'm hotter than a flame
So it's no time for me to beef with Jada, Joe or Game
Diamonds in my chain, a Chevy in my yard
And a baby blue Phantom that I keep in the garage
Come here, let me talk to you, show you what my grill 'bout
Ice like Paul Wall but I can't take mine out
Let's play the game 'Big bank take lil' bank'
Flood it like Katrina, make sure that your ship sank
You would think money's growin' on trees
The way your boy run through a couple hundred G's
Fresh white tee 'bout to get my hustle on
I ain't goin' to the club till all my work gone
I'm leanin' on the leather and grippin' on the wood
And I can build whatever, you know my money good, yeah
I can get money, I be in the hood
I be stackin' paper like a real **** should
My money good, we ballin' in the hood
Money good, we ballin' in the hood
I be pimpin' hard and I got them ****
You ain't gotta ask me, you already know
My money good, we ballin' in the hood
Money good, we ballin' in the hood
I got my mind on my money, my money on my mind
I'm good in the hood so you know I'm gon' shine
Get you some, get you some, get you some, get you some

Get you some, get you some, get you some, get you some
I'm sellin' everythang and savin' every dime
I'm good in the hood so you know I'm gon' shine
Get you some, get you some, get you some, get you some
Get you some, get you some, get you some, get you some
Fifty for the watch, a hundred for the bracelet
I'm headed to the top, I can damn near taste it
I represent my block and give away the ones
The hustle never stops, so my job is never done
So tell me what it costs and show me who the boss
Put your money where your mouth is, I'ma break him off
If you wanna know the reason why I act like that
I can fit a half a mil' in this Louie backpack, yeah
I can get money, I be in the hood
I be stackin' paper like a real **** should
My money good, we ballin' in the hood
Money good, we ballin' in the hood
I be pimpin' hard and I got them ****
You ain't gotta ask me, you already know
My money good, we ballin' in the hood
Money good, we ballin' in the hood
Go and do your thang, just don't get caught
Let your money talk, I let my money talk for me
If shorty wanna hate, then tell the **** to walk
Let your money talk, I let my money talk for me
Call me what you want but you can't call me broke
'Cause gettin' big bags of money's all we know
Marble floors in the projects, ghetto millionaire
All this Gucci in my closet, I don't know what to wear
Bentley outside by the ice cream truck
Just ride through the hood, ask 'em if they seen Buck
Thought I wouldn't make it but look at me now
That's why I painted the Benz the same color as Cristal
I can get money, I be in the hood
I be stackin' paper like a real **** should
My money good, we ballin' in the hood
Money good, we ballin' in the hood
I be pimpin' hard and I got them ****
You ain't gotta ask me, you already know
My money good, we ballin' in the hood
Money good, we ballin' in the hood
Get money, hey, get money
Get money, hey, get money
