Counting To 100

Matt Wertz

Never been much good on my own
So I'm tryin' to find somebody else
Never been good at findin' much except
Loneliness all by myself
Spottin' you ain't been easy
Oh, and what's a boy to do
when I got this spot right beside me baby
Waiting here just for you
So you go hide
And I'll come seek
Maybe someday in the middle
We just might meet
because I'm counting to a hundred
And I promise I won't peek
As you go hide
And I come seek
How much longer will this game go on
I guess only time will tell

Cause I hate to hear that you're all alone
Overlooked in search of someone else
So you go hide
And I'll come seek
Maybe someday in the middle
We just might meet
Cause I'm counting to a hundred
And I promise I won't peek
As you go
Please show your face
Because I want you to be it...yeah
I want you to be it
