Bleeding Muddy Water

Mark Lanegan Band

Lord now the rain done come
muddy water
rising up
you know i feel you
in my iron lung
muddy water
celestial flood
you know i feel you
in my iron lung
oh baby don?t it feel so bad
muddy water
drowning in the rain
now the rain done come
muddy water
pillar to post
how do i bleed you?

just like a ghost
muddy water
heaven?s son
you are the bullet
you are the gun
oh baby don?t it feel so bad
muddy water
drowning in the rain
now the rain done come
muddy water
be my grave
you are the master
i?ve been the slave
muddy water
come rising up
you know i feel you
in my iron lung
