Let Us All Get Together Right Now

[Billy Preston](#)

Let us all get together
Right now
Let us all get together
Right nowDon't put off tomorrow
What you can do today, y'all
Tomorrow's not promised
Believe me when I sayLet us all get together
Yeah, right now
When?
Right nowLet us all love each other
Right now, right now, right now, right now, right now
Let us all love each other
Right nowLet's forgive all those ones
Who's hurt us so bad, yeah
Let's forget about everything
Everything, that's rightLet us all get together
We gotta do it right now
Right nowDid I hear you right, did you say?
(Right now)
We got to do it
(Right now)We got to get it on
(Right now)
We got to do our thing
(Right now)Got to say what we mean
(Right now)
Mean what we say
(Right now)Ain't no time for playin'
(Right now)
Ain't no time for playin'
(Right now)Ain't no time for playin'
(Right now)
Ain't no time for playin'
(Now, right now)
Ain't no time for playin'Now, right now
Now, right now
Now, right now
Now, right now
Now, right now
Now, right nowLet us all get together

Right now
Let us all get together
Right now
