

Pet

Floater

Honey on my tongue.
I wish I could be a bit like you.
Paper in my teeth.
I wish I could be a bit like you.
I've been made a pet.
A chain one mile long.
Bleed me every hour, keeps me from growing strong.
Honey on my tongue.
I wish I could be a bit like you.
Just a bit like you.
Get my every wish.
Nailing down my feet to be with you.
Pulling back my lips, showing all my teeth to be like you.
