## **Ghetto Love**

## **Jaheim**

You got me baby

This here going for all the ladies, oh

All I really want is your ghetto love

24/7 we'll be makin' loveI'll take it downess, if you want me too

Just one and many things I wanna do to you

Girl, don't you get scared

I'm gonna take my timeWhatever it takes that'll make you mine

It's getting late save a thing for J

Let me love you my ghetto love way, yeah

Baby, 2 weeks ago I might you at that partyYou was knockin' by and rockin' lookin' my way

Standin' at the crossing at the party

I was tempting to slide across the floor

(Tempting)

To drop my digitsThen you looked and turned away

Like you weren't with it

But I knew in my heart that I

Could rippin' girl

I'm givin' you what you wanna doAll I really want is your ghetto love

24/7 we'll be makin' loveI'll take it downess, if you want me too

Just one and many things I wanna do to you

Girl, don't you get scared

I'm gonna take my timeWhatever it takes that'll make you mine

It's getting late save a thing for J

Like you weren't with it
But I knew in my heart that I
Could rippin' girl
