

One of a Kind

Camp Chayolei Hamelech

Pesach time this past year
I sat together with my peers
We were discussing all the camps
We went to in the past

Which one had more trips, who had more fun
The heated debate already begun
Hey, my friends, I have to say
There's something special in Chayolei

They all looked at me, explain please Yossi
What can it be, say already
Is it the sports, or is it the trips?
I got up and opened my lips

Of course in our camp we learn every day
We go on trips and sports we play
So it might seem that we are the same
But let me tell you why that's a shame

'Cuz in Camp Chayolei, we live in harmony
Having fun together, as one single family
To bring about Moshiach is on everyone's mind
Living with that mission makes this camp one of a kind

Oh Chayolei, it's time to go
My friends and I all love you so
I feel like I'm leaving my family behind
A camp like this, what no one can find

But Chayolei, there's one thing I know
Your mission I'll carry wherever I go
Telling the world all about our goal
Making Geulah a part of us all
