Star

[The Crash](#)

Here we go.
Oh yeah, it's getting dark.
Oh no, they've got
An attitude that kills me. But then:
Oh my, there you are.
I know you're not an ordinary being,
But a solitudinarian,
Oh, who got it all wrong.

You shine like a star:
[oo-ooh] if only
You ever knew
You'd go out and bloom,
[oo-ooh] if only you ever knew
You're very uncool
[oh yeah] and forever wonderful.
I know.

Easy to make you out.
I see you're not an ordinary being.
But a luminary hearted
Soul who got it all wrong.

You shine like a star:
[oo-ooh] if only
You ever knew
You'd go out and bloom,
[oo-ooh] if only you ever knew
You're very uncool
[oh yeah] and forever wonderful.
I know.

You're a solitudinarian, a solitudinarian,
A luminary hearted
Soul who got it all wrong
You know, you got it all wrong

You shine like a star:
[oo-ooh]
If only you ever knew

You'd go out and bloom,
[oo-ooh] if only you ever knew
You're very uncool

[oh yeah] and forever wonderful.
I know.

Starlet, I'm yours.
