

# BREAKFAST CAN WAIT

## Prince

Hey baby, where you going?  
No please donâ€™t rush off so soon  
If you leave me like this  
What Iâ€™m gonna do

Chorus:

Finally my eyes are open  
I dream about you all night long  
The only thing that Iâ€™ve been hoping for  
is before you to go to work babe, we get it on  
I ainâ€™t tryinâ€™ to make you blush,  
But I just wanted to tell ya, I think youâ€™re great  
I know youâ€™re late, but I need another taste,  
Breakfast can wait!

Verse 1:

Grits and gravy, cheese eggs and jam  
Can nobody cook it like you girl  
No maâ€™am!  
This here early morning, need something else on my plate  
I think I want another bite of you  
Breakfast can wait!

Breakfast can wait  
You really put it on me  
You shut it down last night  
I thought the police was gonna come (last night)  
Loud, yeah, cryinâ€™  
Yeah, I ainâ€™t tryinâ€™ to make you blush  
I just think youâ€™re great  
Ainâ€™t no need to rush,  
Breakfast can wait

Chorus:

Finally my eyes are open  
I dream about you all night long  
The only thing that Iâ€™ve been hoping for  
is before you to go to work babe, we get it on  
I ainâ€™t tryinâ€™ to make you blush,  
But I just wanted to tell ya, I think youâ€™re great

I know youâ€™re late, but I need another taste,  
Breakfast can wait!

Verse 2:

Hotcakes smothered in honey  
(wait a minute)  
Iâ€™m gonâ€™ have to pass  
Fresh cup of coffee, no, no  
Iâ€™d rather have you in my glass  
Only thingâ€™s that gonna sweeten my tongue  
Only thing thatâ€™s gonna last now  
Is another bite of you babe  
Breakfast can wait

Chorus:

Finally my eyes are open  
I dream about you all night long  
The only thing that Iâ€™ve been hoping for  
Is before you to go to work babe, we get it on  
I ainâ€™t tryinâ€™ to make you blush,  
But I just wanted to tell ya, I think youâ€™re great  
I know youâ€™re late, but I need another taste,  
Breakfast can wait!  
Breakfast can wait!

Verse 3:

Canâ€™t stop even if the â—olice come  
Breakfast can wait!  
I got a double time, kick drum  
Breakfast, breakfast  
You canâ€™t leave a black man in this state  
Breakfast can wait!  
Oh no  
Breakfast, breakfast can wait!

Come here baby, let me put you on my plate

Hey now  
Breakfast can wait!  
Better call your job yeah  
Breakfast can wait!  
Tell â€em you gonâ€™ be late  
Breakfast can wait!  
Yeah, yeah, yeah  
Prince is in charge now  
Nice one

Breakfast can wait!  
Breakfast can wait!  
Breakfast can wait!  
Youâ€™re the only thing I need  
Breakfast can wait!  
Sweetness in my tongue  
Breakfast can wait!  
Come here baby, let me show you where Iâ€™m from  
Breakfast can wait!  
Yeah  
Breakfast can wait!  
Oh, you know you might need to pray for me  
You might need to come again  
Breakfast can wait!  
Oh yeah-yeah
