

The Shining

Mando Diao

See my both hands tied
Beneath our freezing sky
Guess my fortune's out
Silent dream, silent shout
Clock tick slower now
Armageddon creeping on
I'm waiting for the dawn
To come and free my soul
But it's you, I see my love come shining through
But it's so hard trying to get close to you
I see my only love tied in a tear
And it's so hard to get close to you
Rain of needles and pain
Thunder of howling train
Scream my name, rise again
Shine again, get on track again
And I like the fact that I'm getting old
And I don't know what to do
When all I need is you close to my heart
But It's you, I see my love come shining through
But it's so hard trying to get close to you
I see my only love tied in a tear
And it's so hard to get close to you
When you're lonely I'll be there for you
If only you would lead me through
When you're lost I'll guide your way
If only you could hear my prayer
When you're down I'll be there for you
If only you would lead me through
I'm the rain when your well has dried
If only you could me mine
