

Laura

The Babys

It's been a year since we last met
But you're still clear in my mind
You gave me things I can't forget
You gave me love I still can't find Oh Laura, I miss you so
Oh Laura, oh Sometimes, I see you in my dreams
When I wake up my troubled mind, yeah
I found a new love for myself
You know, I do the best I can Oh Laura, I miss you so
Oh Laura, oh I hope that we meet again
Oh, I've rehearsed the things I'd say
And if that should never be
I'll love you 'til I'm blown away Oh Laura, I miss you so
Oh Laura, oh yeah I miss you so, oh Laura
I miss you so, oh Laura Sometimes, I see you in my dreams
