I Need Something New

Savages

I need something new in my ears
Something you could say perhaps
Or the words coming out of your mouth
Wouldn't be something I've heard beforeI need something new
I need something new
I need something newHow do you get the excitement
From such an empty space
I'm trying to meditate
I'm trying to recreate
The heart beat
The adrenalineI need something new
I need something new
I need something newYou, you say it's impossible
Trying to make things possible
I'm trying my best
To make it possible
Everyday yeah yeah
I'm kicking the wall
Kicking the wall
Yeah I'm kicking the wall
I'm kicking the wall
'Cause I need something new
I need something new
I need something new
I need something new
I do, I do, I doYou, you kept the door open
While on my hands and knees
The corridor was empty
And you were fucking me
I could feel the cold air
Coming inside the room
And I thought that was new
Yeah I thought that was something newI need you, I need you, I need you
I need something new
I need you, I need you
I need something new
I need you, I need you
I need something newI need something new
And you do too
