Something to Believe In

Linda Eder

Everybody's searching for answers
Everybody tries to find some meaning in their lives
Where do we belong, who will be our shelter
Looking for salvation, a haven from the stormWe all need something to believe in
We all need a light to see us through
We all need something to believe in
I found something to believe in, in youI was like a wayward ship drifting out to nowhere
Tossing in the raging waters tryin' to find my way home
You must be an angel watchin' over me
Your lovin' arms my harbor now I know I'm not aloneWe all need something to believe in
We all need a light to see us through
We all need something to believe in
I found something to believe in, in youAnd now that I've found you
I'll never let you go
Now my search is finally over
'Cause your the only truth I'll ever knowYou know that, we all need something to believe in
We all need, we all need something to believe in
I found something to believe in, in youWe all need something to believe in
We all need, we all need something to believe in
I found something to believe inWe all need something to believe in
We all need, we all need something to believe in
I found something to believe inWe all need something to believe in
We all need, we all need something to believe in
I found something to believe in, in you
