Here We Divide

Dead Letter Circus

It's a cold I can't seem to find
If it breaks
What would you decide
Hoping one day I'll see it through
When it breaks
If it breaks
We will see
It's a cold I can't seem to find
When it breaks I hope we survive
I feel one day I'll see it through
When it breaks
If it breaks
It will be overdue
Slow down
Hold on
I'm waiting
Here open wide
What you wanted to see
You decide
Only one step from..
When it comes around in waves
I feel like I'm surrounded
How can I stay
I'm turning away and now I can feel that here we divide

Slow down
Hold on
I'm awake
Slow down
Hold on
I'm waiting
Slow down
Hold on..
I'll do anything it takes to keep from falling under
I swear everytime it breaks I'll reach and pull us closer
Anything
Over and over
Slow down
Hold on

I'm waiting
Slow down
Hold on
I'm awake and aware of it
I know that we'll survive
I'm now awake in control of this
There is no fear in my mind
Here open wide
What you want you will see
You decide
I believe
If I could look backwards would I make amends
