

Blue Star

Seapony

You
You sat by me
we sat down
by the sea
I never want to have fun
I never want to have fun
I never want to have fun
...again
When
I came home
you were gone
I'm all alone
I never want to have fun
I never want to have fun
I never want to have fun
...again
Now
Everyday
In the cold
in the rain
I never want to have fun
I never want to have fun
I never want to have fun
...again
