

# Stay True (Genuine )

[Stacie Orrico](#)

All through my life I've seen so many smiling faces come and go some of them have  
Tried to bring my spirit low  
'Cause they see my hearts devoted to the one who always knows  
Seem to hold my hand so tight or let it go  
I hear people talkin' there's no way I'm stoppin'  
Empty words won't change my love for I'm gonna stay true I don't want someone knew  
I'm gonna stay true to you  
I'm gonna stay true this is my attitude  
I'm gonna stay true 'cause nobody else will do Always tryin' to convince me that your love is just a lie,  
That I might as well be listenin' to the sky  
Saying you won't really love me when you know what's deep inside,  
You'll just go 'cause your  
Above the sacrifice  
One thing that I know of  
They can't steal your love  
Doubting words won't change my point of view I'm gonna stay true I don't want someone knew  
I'm gonna stay true to you  
I'm gonna stay true this is my attitude  
I'm gonna stay true 'cause nobody else will do
